#### C. Nature of Claims Asserted.

Defendants, Diaz, Snyder and Marsh, operated medical clinics in the Chicagoland area known as Defendants Pain Net Medical Group, P.C. and Spine Centers Institute, through which they created and submitted to Plaintiffs false and/or otherwise fraudulent billing statements, medical reports, physician's liens, and other medical related documentation seeking payment from Plaintiffs of in excess of \$1,000,000.

Plaintiffs contend that defendants, Diaz, Snyder and Marsh, individually, and through the operation of Defendants Pain Net Medical Group, P.C., and Spine Centers Institute, engaged in the following fraudulent and improper acts: (a) Improper billing and fee splitting for MRI related

services; (b) Improper billing and fee splitting for facility fees relating to medical procedures, such as Epidural Steroid Injections (ESI); (c) Improper billing for examinations and consultations; (d) Improper activities relating to in-house referrals for medical treatments, procedures, and diagnostic testing. Plaintiffs also contend that defendants have been unjustly enriched as a result of such fraudulent activities.
